

## Alex Landreville '13 and Team FIJI: Victory at Little 5!

Alex Landreville '13 led Team FIJI to victory in the Little 5 criterium race this year. As in the 2010 race, the pack of (six) potential winners was tight, but Landreville pulled away when ATO's Barry Bricker took a turn too quickly and clipped his pedal on a sidewalk. Landreville moved out in front and stayed there on his way to victory. The race was 36 laps on streets around DePauw, starting on College Avenue, turning left onto Hanna Street, then down Indiana Street and on to Olive Street, returning to College. Landreville placed second in the omnium (sprints) and sixth in the time trials. Delta Upsilon won the overall team competition

based on the three events.

Team FIJI had one returning rider from prior years, **Chris Alonzi '11**. Alonzi helped the team standing by placing 15th in the time trials. The one-kilometer time trials on Ballard Lane, near the Greencastle airport, were affected by wind conditions. **Mike Osborn '13** commented that "the wind really got to me three quarters of the way through." Alonzi has experience in three prior competitions and provided leadership, based on his experience, to the three remaining riders—Landreville, Osborn, and **Henry Dambanemuya '13**. With a young team, the now-experienced Team FIJI will be back!

Mike Osborn '13, Henry Dambanemuya '12, and Chris Alonzi '11 giving their all for the FIJI team effort in Little 5. Chris graduated in May after four years of riding for Team FIJI!

(Photos by Doug Mitchell '70.)

Alex Landreville '13 celebrates victory in the Little 5 race with brothers, demonstrating this year's race mantra for Lambda: "Nobody Rides Like a Phi Gam Man!"

## Thank You, Lambda Alums! Come See Us Again Soon!

With the 2010-'11 academic year now complete, Kit and I want to say "thank you" to the alumni who showed up for Alumni Weekend (June 10–12), and to the undergraduate brothers, **Bryan Edwards '12**, **Sam Holley-Kline '12**, **Orlando Ramirez '13**, **Mike Osborn '13**, and **Jake Meyer '13**; Marla Miner, our house director; and Patty Fultz, our cook; who all worked to provide a wonderful example of FIJI hospitality. We strongly recommend to all Lambda alumni that you seriously consider a visit to campus to reconnect with your university and your fraternity.

The classes of 1961, 1966, 1986, and 1971 (and a few others) were amply represented.

The degree of "good feelings" within the house exceeded other Alumni Weekends in recent memory. This was truly a special occasion!

We were hoping for a good turnout by alumni after such a wonderful year, with continued top scholarship rankings, another strong pledge class, and a long list of awards to the undergrads and the chapter from the student body and DePauw. We were not disappointed! More than 35 graduates joined in a stimulating and lively discussion about Lambda's current status and its role on DePauw's campus, followed by lively social gatherings and tours of the house.

This year's Alumni Weekend experience

demonstrated that the story of Lambda's accomplishments cannot merely be told—it must be experienced in Greencastle among the brothers. This fact was validated by the strong positive feedback we received after the event. We encourage you to find a way to come back to see your chapter.

Thank you, FIJI alumni, for adding to the success of this recent Alumni Weekend, and please don't forget the Pig Dinner next April! Over 100 brothers attended this past spring. Let's keep our brotherhood growing stronger!

Kit Lortz '62 and Doug Mitchell '70  
House Corporation Co-Presidents

# Chapter President's Report

(Photo provided to DePauw courtesy of the Big Brothers Big Sisters Agency.)

Patrick and his little brother, Logan.

## Patrick Legendre '11 Honored as "Big of the Year"

Patrick Legendre '11 was honored by the Big Brothers Big Sisters Agency of South Central Indiana as a "Big of the Year." He is one of five to receive the award for their efforts in the program. In recognizing Patrick, the Big Brothers Big Sisters staff said that Patrick has been a "consistent friend and mentor" to Logan, who is a student at Cloverdale Elementary School. Logan describes Patrick as "really cool, nice, and fun." The pair enjoy playing basketball and games as well as working on homework and puzzles together.

Since 2008, Patrick has worked to recruit other DePauw students to serve as "Bigs," organized annual parties for Little Brothers and Little Sisters on campus, and put together an annual fundraising event at DePauw. This year's fundraiser, "Starting Line for Littles," was held April 8, and the event raised over \$1,000 to support children in the program.

Legendre graduated as a performance and business major from the School of Music, and a Bonner Scholar, in May. He joins Teach for America as a math teacher this summer.

This semester, we recruited an impressive group of 23 men. This new pledge class (now initiated) includes three legacies, one of them my own brother, as well as men from six different countries.

At Lambda, we strive for distinction in all aspects of life. We believe that pursuit begins with the men we recruit. We have a saying that we frequently tout to potential new members: FIJI doesn't shape you, you shape FIJI. It is the men we recruit who make Lambda such an excellent chapter, and it is their accomplishments that spread the good name of Phi Gamma Delta across our campus.

With these pursuits in mind, our members collectively completed over 1,000 hours of community service this year. We continued on the success of our two annual fall philanthropy events, "Bark-B-Q" and "Pumpkin Bash." And even added a few new ones like the "Desert Bus Drive-a-thon." Most notably, however, Lambda established a \$14,000 endowment fund with the Putnam County Community Foundation. Thanks to the tireless efforts of former treasurer **Bryan Edwards '12**, we can now guarantee organizations such as the American Red Cross a predetermined yearly contribution. All donations to the fund are tax-deductible.

Our members regularly contribute their free time to campus activities and organizations. Collectively, we belong to over 100 university clubs, societies, varsity sports and more. Among our ranks, we lay claim to the editor of the university newspaper, captain of the varsity track and field team, vice president of the student body, and many other campus leaders.

## FIJIs Recognized at Academic Convocation

Lambda FIJIs continued the chapter's record for outstanding academic and co-curricular achievements at the Academic Awards Convocation on April 24, 2011. **Martin J. Hughes '11** led the audience in "A Toast to DePauw," and **James Richardson '11** provided music for the recessional on the **J. Stanford Smith '36** organ. Congratulations to all the following undergraduate brothers.

**Avery M. Archer '11**: Phi Beta Kappa; David B. Becker Fellow for the ITAP (Information Technology Associates Program), demonstrating significant achievement in on-campus or off-campus internships; Senior Showcase Program in Physics and Astronomy, "Millennium Gas Simulation: An X-Ray Observer's View"; Margaret Noble Lee (1882) Extemporaneous Speaking Award; Robert. O. Weiss Award for contributions to the intercollegiate debate team.

**Christopher P. Alonzi '11**: Phi Alpha Theta, National History Honorary Society.

**Anthony M. Baratta '11**: Senior Showcase Program in Political Science, "Abortion's Role in

In academics, we pride ourselves on continued success. Over a quarter of our members belong to academic honoraries, and during this past fall semester, we recorded another top fraternal grade point average. Our 3.343 mark exceeded the 10 other fraternities at DePauw, as well as the all-men's average. We have now achieved that distinction for eight out of the past 11 semesters. At the annual university awards convocation last spring, 35 FIJIs were recognized, which included the induction of five brothers into Phi Beta Kappa.

The crowning recognition of Lambda's success came late in the year at the annual Order of Omega awards ceremony. Lambda Chapter was announced as the "chapter of the year," and received top honors in all but two award categories for university Greek chapters. Lambda's other top nods include "outstanding community service endeavors," "outstanding alumni relations program," and "outstanding scholarship program."

Despite our chapter's distinction as the longest continuously running FIJI chapter, and the second-longest continuously running fraternity chapter in the world, the chapter is—in many ways—still young. As many of you know, Lambda was revitalized 11 years ago. Thanks to the generous support of countless Lambda FIJIs, our historic chain remains unbroken. Thanks to that continued support, and the high caliber of men that we have been recruiting, it seems our chain will press on for many more years.

Fraternally,  
Matthew Cecil '12

the History of the Christian Right."

**Matthew T. K. Brauer '11**: Professor Ralph F. Carl Endowed Prize for the senior with the highest GPA in French; Pi Delta Phi National French Honorary Society; Pi Sigma Alpha National Political Science Honorary Society; Honor Scholar Program Graduate, "Representations of English in France: Conflict and Opportunity in Language and Identity;" elected to Phi Beta Kappa as a junior in 2010.

**Taylor M. Cantril '11**: I. Nelle Barnhart Award to a senior for outstanding contributions to co-curricular activities in support of the university's academic mission.

**Matthew W. Cecil '12**: Pi Sigma Alpha National Political Science Honorary Society; Dewitt Wallace-Reader's Digest Print Journalism Award to juniors demonstrating a career interest in print journalism.

**Robert W. Steele Jr. '11**, **Kyle R. Gough '13**, **Alexander M. Landreville '13**, **Alex S. Lopatka**

(continued on page five)

# Pig Dinner 2011: Celebrating Legacies and Victories!

This year's Frank Norris Pig Dinner at Lambda was an incredible success, due primarily to the stellar brothers who came back to visit their beloved chapter. Over 100 graduate and undergraduate brothers attended. Among them was **Steve Stroman '82**, the father of our newly initiated brother, **Jon Stroman '14**. Dr. Stroman said that he was very happy with the direction in which the chapter is heading, and was proud to be back at the chapter house for the first time in decades.

The focus of the Pig Dinner is, of course, the breaking of bread and brotherhood at the dinner. **Camron Parker '09** gave the "Exile's Toast," and **Aaron Gotway '05**

delivered a moving and funny keynote address. **Jared Norman '12** presided over the dinner as the master of ceremonies. And, of course, the pig was given its blessings by newly initiated

brother **Andrés Muñoz '14** and **Robert G. Dean (Columbia '51)**. That's one lucky pig!

Two champions attended the dinner. Brother **Alex Landreville '13** and Christine DiGangi (DePauw '11), winners of the men's and women's criterium races at DePauw's annual Little 5 bike race, joined the proud brothers of FIJI and received a standing ovation.

The day was a huge success, punctuated quite nicely by the news of a FIJI victory at Little 5 and the fact that Lambda got to see many graduates return home. It was a good day to remember that FIJI really is not for college days alone!

Stephen Shapiro '13

*Aaron Gotway '05 delivers his raucous Pig Dinner speech! Jared Norman '12, master of ceremonies; Matt Cecil '12, chapter president; and Camron Parker '09 join in the fun. Camron delivered the "Exile's Toast" customized for Lambda, also to lots of laughter!*

*Peter Fellegly, GA '05 and house corporation member, joins Robert G. Dean (Columbia '51) in laughter as Bob learns he'll be kissing the pig!*

*Part of the crowd at the dinner; more than 100 Graduate Brothers and undergraduate brothers were in attendance for the festivities.*

## Lambda FIJI Elected Executive VP of Student Government

**Nicholas Flores '12** was elected executive vice president of DePauw's Student Government in April, which is the second-highest position in Student Government. Nic and presidential candidate Charles Pierre ran as a team and won the election easily. Nic is very active on campus and at FIJI, particularly in social service and philanthropy projects.

Nic is excited by the challenges of his new role, believing his involvement on campus and in the community has prepared him for his new position. Nic states, "I am eager and excited to translate my skill set to my new position. I am also really

*Nic Flores '12*

excited about the opportunity to represent FIJI to the larger student body. I know we have excellent representation on campus, but when brothers get extra-involved, like many of us do, it only helps solidify what great things we have accomplished and what great things are in store for the future."

Nic is a Bonner Scholar who is very involved in social service projects on campus and the Greencastle community. He serves Lambda as chair of the campus relations committee, organizing philanthropy and social service projects on campus for the chapter. He is also involved with

numerous campus organizations. He is committed to policy research for the DePauw Environmental Policy Project, working with the Indiana General Assembly and as an intern for the Greencastle Commission on Sustainability. He also interns at the Compton Center for Peace and Justice, immersing himself in human-rights issues through programming events, such as conducting open discussion forums and bringing speakers to campus.

Nic previously was a Student Congress representative for the DePauw Debate Society, and served two years as parliamentarian for Student Congress. Recently inducted into Mortar Board, Nic is also a member of Lambda Alpha National Anthropology Society, to which he was elected based on his academic record.

# Class of '71 Gathers for 40th Class Reunion at DePauw

A total of 12 brothers returned for the class of 1971's 40th Reunion: Mike Allee, David Baggerman, John Doan, Steve Jacobs, Bob Kirk, Jeff Lane, Wayne Martin, Rick Plain, Jim Sanford, Tom Scaife, Bob Shaykin, and Joe Vosicky. Bob Shaykin sparked the return. Although we are in touch with Paul Gibson, Chris Maron, Steve Romohr, and Greg Stauffer, they were unable to attend, but were with us in spirit.

Jim Sanford traveled the farthest, from Honolulu, Hawaii. Others who traveled long journeys to make it were Bob Shaykin, from New York; Tom Scaife, Upper Peninsula, Michigan; Rick Plain, California; and Wayne Martin, North Carolina. We had the best return of any of the living units on campus!

We started Friday night at Moore's Bar and Grill! This was our opportunity to meet together for the first time in 40 years for some. Despite hair changes, people looked much the same and in good shape! Six of the 12 are retired from their occupation of choice, but not from life! Mike Allee and Steve Jacobs have children who attended DePauw. Several report being grandparents already!

All of us spent time catching up with each other, classmates, the university and town. We kept running into each other at

*Class of '71 brothers during the Alumni Weekend festivities: John Doan, Tom Scaife, Dave Baggerman, Wayne Martin, Rick Plain, Mike Allee, Joe Vosicky, Steve Jacobs, Jim Sanford, and Bob Shaykin.*

Blackstock, The Hub, and university functions, which most of us attended.

Lunch at the house on Saturday, June 11, was just lots of fun. We loved the chocolate cakes for dessert—or at least I did! We met and mixed with other Graduate Brothers and five undergraduates on campus for summer projects—Bryan Edwards '12, Sam Holley-Kline '12, Orlando Ramirez '13, Mike Osborn '13, and Jake Meyer '13. We watched an extraordinary DVD, prepared by Mike Osborn, of FIJI Isle in 1961, ice

skating at the quarry years ago, and chapter life today! (Yes, there is a chapter archive!) There was an interactive meeting with the house corporation members about current activities and future plans. Around midnight, we shared a warm beverage or two at the house because we could not find a cold one! We are glad Orlando joined us.

Sunday morning, June 12, as it happened, Rick Plain and Joe Vosicky were walking back to campus from the house, running into Jim Sanford, Tom Scaife, Bob Kirk, and Dave Baggerman on the corner opposite Bishop Roberts Hall. Up walks John Doan. Bob Kirk recounted FIJI's recent victories in Little 5, in part because he is a cycling enthusiast and contributed bicycles to the chapter. Shortly thereafter, Bob Kirk took off for a bicycle ride. Jim Sanford drove Tom Scaife back to the Indianapolis Airport; Rick Plain, Dave Baggerman, John Doan and Joe Vosicky went back to The Hub for a final cup of coffee.

It was a great time for all. Many thanks for the FIJI hospitality! Meeting the undergraduate brothers was especially fun and rewarding. We recognize the substantial effort that Phil Heyde '72, Steve Jacobs '71, Kit Lortz '62, Doug Mitchell '70, Jay Moore '74, Wade Nichols '72, Paul Qua '82, and others have made in maintaining Lambda FIJI as a campus leader and power.

## “Not for College Days Alone!”

Once again, Alumni Weekend was a huge success at the FIJI house! Around 40 men visited the chapter house on the weekend of June 10–12. Undergraduates and alumni drifted in throughout the morning. As they arrived at the house, they were able to observe videos and DVDs from FIJI in 1961, as well as FIJI in the present, thanks to the efforts of Mike Osborn '13. Undergrads answered questions about the chapter today, while alumni provided perspective about the chapter in previous years. Undergraduates also provided tours of the house as our house mother, Marla Miner, and our cook,

Patty Fultz, prepared lunch for everyone.

During lunch, our housing corporation presidents, Kit Lortz '62 and Doug Mitchell '70, were able to share some perspective about the state of the chapter and house corporation activities, and answer questions. As the evening progressed, people slowly filtered out to attend university-sponsored activities, but not without many stories and laughs shared between the guys. This year, Alumni Weekend was a great experience, and it truly lent credence to one of FIJI's primary mottos: “Not for college days alone!”

Bryan Edwards '12

Joe Vosicky '71

# GRADUATE BROTHER NEWS

Leigh Alfred “Al” Stocking Jr. ’51 would enjoy hearing from any of the “old guys.” Reconnect with Al by writing to 844 Barcarmil Way, Naples, FL 34110; klondike1928@aol.com.

William W. “Bill” Graham ’62 sends greetings from P.O. 6167, Carefree, AZ 85377. Catch up with him via email by writing to him at ircrackers@aol.com.

At the time of this writing, Jeffrey E. “Jeff” Lortz ’65 was hosting a weekend February 11, 2011 that included the following brothers: Dave Gilbert ’65, Henry Hile ’64, Dean Rush ’65, Dave Rossiter ’65, Bob Holland ’65, Clark Orr ’65, Bruce Bender ’64, Bob Vedder ’66, Bill Gilbert ’66, and Mike Burns ’65. Golf and sunshine was the order of the day!” Write to Jeff at 1184 Mistwood Ct., Downers Grove, IL 60515.

Robert A. “Bob” Vedder ’66 retired in January 2010 after 30 years of publishing the *Venice Gondolier Sun* newspaper in Venice, Florida. He continues to be very active in the community. A large group of FIJI Lambda alums got together in Lake Mary, Florida (organized by Jeff Lortz ’65). There was golf, great food and drink, and swapping of stories. Get in touch with Bob by sending postal mail to 603 Four Bays Dr., Nokomis, FL 34275; or by sending email to bavedder@verizon.net.

Craig R. Stokely ’67 stopped by the FIJI house

and met two sophomores, Kyle Gough ’13 and David Garrett ’13, throwing the football on the lawn. Craig reports, “Two hours later, I left impressed with the enthusiasm and spirit of the brothers I met, including the chapter president, Matt Cecil ’12.” Follow Craig’s lead and visit the house to meet the undergraduate brothers! Write to Craig at P.O. Box 93, Wayne, IL 60184; c2stokely@aol.com.

Eric V. Lortz ’68 sends greetings from his new address: 2990 Trailwood Dr., SE, Southport, NC 28461; erlortz@aol.com.

Douglas M. Long ’73 reports that his March 2011 surgery for prostate cancer has been a “great success!” His recovery is going very well with the loving support of his wife, Kathy, and his pledge brothers. To wish Doug the best, he can be reached via email at dlong@us.imshealth.com, where he is vice president for industry relations. (15 Wayland Dr., Verona, NJ 07044)

When Norman H. “Storman” Leonard ’77 wrote to us in February, he said, “This past year and a half have been amazing and quite a blessing. All of the grants and fellowships have helped to improve my teaching skills in various ways, or help students and their learning opportunities, or both. First, I finished my second master’s degree through Washington University in St. Louis. I applied for, and was chosen as, a presenter at the Hoosier Association of Science Teachers, Inc., conference in

2010 and 2011. I spoke on how to teach using inquiry-based science. I was selected as the 2011 Lilly Teacher Creativity Fellowship award winner. The fellowship will allow me to travel to Panama, study herpetology, and return to Indiana to study reptiles and amphibians. I was the Toyota International Teacher Program fellow to Costa Rica in June 2010. The fellowship allowed me to spend 17 days traveling to Miami and Costa Rica. Teacher training occurred during stops, and environmental science was emphasized as we visited Osa Peninsula, Earth University, and the Arenal Volcano area. In May 2010, I received the IPL Golden Apple Award for science-teaching excellence. Lowe’s Hero Award Grant was given for Pike Township Schools. Pike hosted 120 volunteers and was the recipient of approximately \$17,000 worth of supplies to redo the greenhouse inside, the greenhouse prep room, and its outside. Also in April 2010, I was awarded the school board’s ‘outstanding teacher’ recognition. In May 2010, I received ‘teacher of the year’ awards from Pike High School and MSD Pike Township Schools. As head womens’ tennis coach: it was the first time a Pike tennis team was ranked 23rd. The team finished 16-6 and was Northmont Tourney Champ and sectional runner-up in May 2010.” Keep in touch with Norman by writing to 5767 Independence Ave., Indianapolis, IN 46234; or email norman.leonard@sbcglobal.net.
